

About Us

Vista Industries specializes in metal fabrication, welding, and machining.

The company was established in May of 1966 as a family partnership between two brothers, Hal and Len Macy.

In 1970, Vista Industries incorporated. Then in 1973, Vista became a second generation firm when Hal's oldest son, Mike, joined the corporation full time and became a principal of the firm.

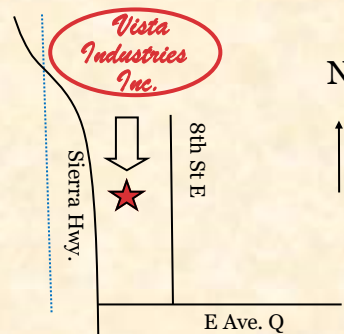

The mission of Vista Industries is to provide quality workmanship on each and every job with 100% customer satisfaction.

Contact us for a free estimate.

We look forward to working with you.

Sincerely,

The Vista Industries team
